PROJECTS

Disneyland App Redesign UX Researcher + Designer Jan - Mar 2020

- Conducted interviews, surveys, and competitive analyses — developed personas based on findings
- Evaluated the current system by developing and executing a usability test protocol and performing cognitive walkthroughs
- Created mid-fidelity mockups of redesigned system on Figma, derived from sketches and wireframes

Stars of ICS Podcast Co-Host, Editor, Social Media Sep - Dec 2019

- Employed project management tools and techniques such as a Weighted Decision Analysis, Work Breakdown Structure, and Gantt Charts to improve efficiency
- Edited podcast episodes using GarageBand and created social media posts to engage audience

WORK EXPERIENCE

UCI Division of Continuing Education Activities Lead Oct 2018 - Present

- Led activities and hosted workshops for hundreds of visiting international students each quarter
- Guided groups of ~20 students to offsite activities around Southern California, adapting to student needs and issues

Disneyland Resort Pageant Helper Mar 2019 - Dec 2020

- Delivered hundreds of guest interactions each day while maintaining high standards of safety, courtesy, and efficiency
- Achieved high levels of guest satisfaction and creative storytelling
